Commissioner for Patents

As indicated on the attached PTOL-324 form, the status of the claims do not appear to be correct. For compact prosecution the status of the claims should be clearly set forth and consistent with examination practice. It is noted that claims previously considered and rejected can not simply be withdrawn from consideration to some later time in prosecution. The claims must be either cancelled or indicated to be pending so a proper examination can be made.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph Woitach whose telephone number is (571) 272-0739.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ram Shukla, can be reached at (571) 272-0735.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group analyst Dianiece Jacobs whose telephone number is (571) 272-0532.

TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted within the time period set forth in the final Office action.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action.

Continuation of 4(e) Other: Claims indicated as (withdrawn), for example claims 21-23, would be under consideration not withdrawn. If claims were meant to be cancelled, the appropriate identifier should be used. Applicants' comments regarding the claims do not clarify the status to whether they want the issue withdrawn to a later time and claims pending (which is not permissible), or that the claims simply be cancelled.
